

Dear all,

I would like to inform you that the 50th issue of the European Geologist journal, with the title 'Let's become geologists! Challenges and opportunities in geoscience education in Europe' is now available at <https://eurogeologists.eu/journal/>. Please circulate this information within the membership of your national associations.

I would like to take the opportunity to inform you that with this anniversary issue, after nine years, I resign from the editor-in-chief position. Thank you for your kind interest for our journal, I really appreciate the valuable contributions by the authors and the constructive feedback by the readers!

I wish you all the best.

Éva Hartai
